COORDINATED ENTRY SYSTEM MONTHLY PROGRESS REPORT

The CES Management Entity is responsible for monitoring system-level processes to ensure the Coordinated Entry System is functioning as planned, which includes monitoring the status of participating providers' compliance in using the CES procedures and monitoring outcomes to gauge the extent to which system performance objectives are being achieved. The information in this report comes from the Homeless Management Information System (HMIS), By-Name, and Matcher list as well as the training attendance roster.

MMC CES Monthly Report November 2024

The CES Management Entity has been given this data from Marjaree Mason Center (MMC). MMC and the CES Management Entity are collaborating to find the best way to integrate the data points. However, not all who enter the MMC CES also enter our mainstream CES and for this reason, we are reporting the data separately.

Key Notes from Marjaree Mason Center

We thank you for your contributions and continued efforts in our community towards ensuring the quality of data collected in the Coordinated Entry System of Fresno and Madera Counties.

MMC CES Monthly Report

November 2024

MMC is now reporting data on new entries into their DV CES and returning to DV CES.

MMC New DV Coordinated Entry System

Individuals	Families
16	10

*Families include 10 adults and 7 children.

MMC Returns to DV CES

Individuals	Families*
13	23

*Families include 23 adults and 22 children.
Not all children accounted for due to enrollment processes.

These households returned to the DV CES after a positive exit from the DV CES in the last 2 years.

Primary Homeless Reasons

All Marjaree Mason Center assistance recipients who enter the DV CES have the same primary homeless reason of domestic violence.

Prior Living Situation

Return to Homelessness Prior Living Situation
