

Changes to Hazardous Materials Business Plan Submittal Requirements – AB1429

Dear CERS Business Lead Users,

This email is to notify you of changes to the Hazardous Materials Business Plan (HMBP) Program submittal requirements.

Effective January 1, 2020, Assembly Bill (AB) No. 1429 goes into effect and may change Hazardous Materials Business Plan (HMBP) reporting timeframes for your facility.

A guidance document from the Governor's Office of Emergency Services is available and is intended to provide a brief summary of the business plan submittal requirements that are in place after AB 1429 goes into effect. Should you have questions regarding the guidance document please contact the Cal OES staff listed below.
