

ATTENTION

PUBLIC SWIMMING POOL/SPA/WADING POOL OWNERS, OPERATORS, CONTRACTORS & CONSULTANTS

A new California state law regarding anti-entrapment drain covers or systems went into effect on January 1, 2010.

This law provides protection to prevent drowning and reduce the number of suction incidents, injuries & deaths.

The Fresno County Department of Public Health's Environmental Health Division is enforcing this new law.

For more information, contact your health inspector at:
