Public Comment on ReDistricting

I have more homework to do with regard to two proposed redistricting maps: the Equity Coalition and Fresno Inclusive Families. I will register a more formal statement when I've done that.

What I want to say right now is that Fresno County needs to listen to historically ignored populations who reside there. People of color are not represented on the board and this is unacceptable. There are forums for people of color to speak but we need to listen and ACT on their concerns. We need to build a whole community that currently does not exist. Redistricting is a tool for this.
