Hello Redistricting commission, my name is Sean Felten and I am a south of Shaw resident. I reside in District 1. I have lived in this community near Lions Park all my life. I want to ensure that my community in the northwest area is taken into consideration when these maps are redrawn. Although the thought is that most living in the northwest are affluent, there are many working class families such as mine that are not accounted for. This map that is selected will affect us all in many ways and we need to be different from 10 years ago. There are so many diverse communities that make up Fresno so as a result a diverse set of Fresno County groups, representing different communities, came together to identify a wide range of communities of interest in the County. The Inclusive Families Maps maps are the only maps submitted to the County that keeps those communities of interest together and thus complies with the FAIR MAPS. This map takes into account all these diverse groups and their communities because they matter. But most importantly because the maps were created by diverse groups. Now is the time to choose a map that will represent Fresno and uplift the diverse communities.
