Hi, my name is Isaiah Green. I have lived, worked and went to school in the city of Fresno for 13 years. I'd like you to keep my community together in a single district. My community is low-income majority renters and is different from the following neighborhoods/cities: Clovis, California. My community is concerned about the following: Clean air, environmental justice, equitable job opportunities and wages, clean safe parks, proper representation in City Hall, health care, underfunded schools. My community is special because of the tenacity and creativity of the people. There is a large amount of unoccupied land in the city and county that can be used for good but requires representatives who will carry out the vision of the people. Thank you for the opportunity to have my voice heard and to share why my community West Fresno, should be kept whole and in one district.
