Hello,

Thank you - we received a couple of late maps submitted by community members. I realize the Commission has already recommended their map, but if they could still be entered into the public record that would be great.

Thanks,
Olivia

CAUTION!!! - EXTERNAL EMAIL - THINK BEFORE YOU CLICK

Hello,

My name is Olivia Seideman and I work for Leadership Counsel for Justice and Accountability, a community-based organization that works with communities in Lanare, Cantua Creek/El Porvenir, and Tombstone in Fresno County.

Attached to this email is our letter of support for the Equitable Map Coalition's proposed map, as well as 29 COI maps from residents in the communities of Lanare and Cantua Creek/El Porvenir. These COIs reflect community support for the EMC's proposed map as well.

Please let me know if you have any questions.

Thank you,

Olivia Seideman

Mapa de Participación Pública

Una versión de este mapa que le permite magnificar y ver más detalle está disponible en el sitio del condado.

Cada número indica el total población de esa "población unidad" área. Cada distrito debe tener esencialmente igual población. La población de cada uno de los 5 distritos deben estar cerca de 200,500, con no más de un diferencia 20,000 entre las más grandes y el más pequeño.

Por favor utilice un negro grueso rotulador para indicar sus fronteras. Se puede entregar su mapa en el Centro administrativo del condado o por correo electrónico a FresnoCountyRedistricting2021@fresnocountyca.gov. Se puede enviar su(s) propuesta(s) por mano, correos, fax, escaneo, foto, o correo electrónico.

Public Participation Kit

Total Population by Population Unit

Each number indicates the total population of that "population unit" area. Each district must have essentially equal population. According to current population estimates, the population of each of the five districts must be close to 200,500, with no more than a 20,000 difference between the largest and smallest. (Final numbers may differ once the official 2020 Census data are available.)

The dark-shaded areas are cities. The lighter-shaded areas are unincorporated "Census Designated Places, or CDPs." (Labels are left off for readability)

You can draw a population-balanced proposed set of districts, or just draw the neighborhood / community of interest that you want to see kept together in the final map.

Please use a thick dark-colored pen to draw your map, then submit it at the County Administrative Center or by email to FresnoCountyRedistricting2021@fresnocountyca.gov. You can hand-deliver, mail, fax, scan and email, or photograph and email your map.

An online version of this map that allows you to zoom in and out for more detail is available as a link from the project website.
