Dear Fresno County Board of Supervisors,

I write to you all to express my deepest concern with the map you are considering to be the map all Fresno County Residents will have to live with for the next 10 years.

By considering map 101b it is obvious to acknowledge that Latino farmworker COIs are not taken the serious consideration that they deserve. It is specifically not taking into consideration that farmworkers that live in urban Fresno, carpool all throughout the county. These farmworkers' contributions to the economic well-being of the county are not given the respect it deserves. At the end of the day, farmworkers outnumber farmers and by a lot. Your willingness to support a map that takes farmers into account but not farmworkers is simply disgusting, to say the least.

I hope you have a change of heart and please consider a map that will uplift communities that have taken advantage of and seperated for too long.

Thank you,
