CAUTION!!! - EXTERNAL EMAIL - THINK BEFORE YOU CLICK

Dear Supervisors,

Please advocate for the community by backing the redistricting map that is most equitable for all members of the community. The poorest and most vulnerable among us are often kept poor and vulnerable because of bad decision-making in cases just like this. Please protect your residents and their well-being by backing the plan that is supported by the most community groups who are boots on the ground, doing the work to lift up people in our county.

Thank you,
Haley White
District 1, Fresno
