

## List of Z Codes staff may use when completing the Problem List in SmartCare Service Notes and the CaAIM Assessment.

These are the approved Z codes to be used by any licensed or unlicensed staff in the Problem List section of your documentation or by clinicians in the CaAIM Assessment. Staff who are part of the client’s treatment team and will be working directly with the client will need to add any of these Social Determinants of Health Codes (Z-Codes) as they apply to the client’s conditions/problems. As the problems resolve, staff are to end the codes in the problem list.
