TARGET POPULATION INFO	RMATION							

Target Population:Children and youth ages (10-13), adolescents ages (14-17) and Transitional Age Youth ages (18-24) who reside in the rural
westside of Fresno County in communities such as Huron, Coalinga, Kerman, Mendota, and Firebaugh.

CORE CONCEPTS:

- Community collaboration: individuals, families, agencies, and businesses work together to accomplish a shared vision.
- Cultural competence: adopting behaviors, attitudes and policies that enable providers to work effectively in cross-cultural situations.

• Individual/Family-Driven, Wellness/Recovery/Resiliency-Focused Services: adult clients and families of children and youth identify needs and preferences that result in the most effective services and supports.

• Access to underserved communities: Historically unserved and underserved communities are those groups that either have documented low levels of access and/or use of mental health services, face barriers to participation in the policy making process in public mental health, have low rates of insurance coverage for mental health care, and/or have been identified as priorities for mental health services.

OUTCOMES REPORT- Attachment A

•Integrated service experiences: services for clients and families are seamless. Clients and families do not have to negotiate with multiple agencies and funding sources to meet their needs.

<u>Community Collaboration</u>: Westside Family Preservation's Youth Empowerment Center provides services in the communities of Huron, Coalinga, Kerman, Mendota, and Firebaugh. We collaborate with Las Deltas Unified School District, Coalinga-Huron Unified School District, and Kerman Unified School District.

<u>Cultural Competency</u>: Our organization and program are dedicated to offering culturally sensitive services reflective of our population served.

We provide our services with respect and inclusion, through our dissemination of information and communication with parents. We provide services based on their language needs. In addition, our programs incorporate holidays and celebration of events to celebrate culture and diversity.

Access to underserved communities: The communities that we are currently serving include Huron, Coalinga, Kerman, Mendota, and Firebaugh which are rural and often underserved communities when it comes to educational and mental health services. Through our centers we create groups, activities, parent meetings and provide resource and connections to families who might be going through challenging times.

Individual/Family-Driven, Wellness/Recovery/Resiliency-Focused Services: The Youth Empowerment Center Program is a

Prevention & Early Intervention program that works with families as a system to prevent or reduce negative outcomes from unaddressed mental health issues in youth. Our mission is to bring vision, passion, and humanity to make a difference in the lives of children who today live in rural, farm communities on the West side of Fresno County. Through educational activities and resource connection we assist youth that might be going through a hard time. Aside from assisting to alleviate their stress, we provide tools that might help them in their future to become self-sufficient.
