FRESNO COUNTY CLERK

By _____ DEPUTY

FIG GARDEN FIRE PROTECTION DISTRICT
NOVEMBER 2024 MEASURE

(IMPARTIAL ANALYSIS BY COUNTY COUNSEL PURSUANT TO SECTION 9313 OF THE ELECTIONS CODE)

Voter approval of this Measure will increase the number of directors serving on Board of Directors of the Fig Garden Fire Protection District from three to five.

The Fig Garden Fire Protection District ("District") is currently governed by a three-member Board of Directors ("Board") elected by the voters of the District. California law allows voters to increase the number of directors on the District's Board, and if the voters approve the Measure increasing the number of directors, the law also allows the two new directors to be elected at the same election.

The Measure makes no change to existing law and must be approved by a majority of the eligible votes cast. The District's Board adopted a resolution to place this Measure on the ballot.
