MAR 15 AM 8:47

Arguments in support of the proposed laws are the opinions of the authors.

Dear Parlier Residents,

This Advisory Measure will ensure that the primary function of the funds generated from Measure \_\_ will be to maintain and enhance fire services within the City of Parlier. Fire Protection Services are in need of funding due to a decade-long decline in City revenues. Cal Fire currently provides Parlier with services such as Structure and Vegetation Fire response, Prevention, Hazardous Material incident response, and Emergency Medical response. This companion Measure provides the City clear direction as to how funds should be used if Measure \_\_ passes.

This Advisory Measure will make certain that the 365 day a year fire services that include Structure and Vegetation Fire Response, Fire Prevention, Hazardous Material incident response, and Medical Aid will continue to be provided by Cal Fire. In the last year alone, we have seen communities destroyed entirely because of sudden, unforeseen California-wildfires. This companion Measure provides clear direction to the City as to how the funds should be used If Measure \_\_ passes.

I am writing this statement of support because the Advisory Measure and Measure \_\_ are to be voted on during the June 5, 2018 election. All registered voters within the City of Parlier will receive a ballot in the mail. I encourage you to vote "Yes." Together these Measures will provide funding to maintain and enhance the cities' primary services, including fire protection. The Advisory Measure will ensure that funding for fire services is the top priority. By voting yes on this advisory measure we can ensure that the fire services within Parlier will continue and the safety of our community is put first.
