Argument in Favor of Measure __

Westside Elementary School District

Every child deserves to learn in quality school facilities. Your YES VOTE on Measure __ generations of our local students for future success.

By

K

DEPUTY

Westside Elementary School District has served our community well for over 96 years. However, our school has grown old and is overdue for repairs. It has been nearly 30 years since we passed our last school improvement measure and our elementary school facilities need to be brought up to current safety and efficiency standards. Measure __ authorizes funds for needed facility repairs and upgrades to improve student safety, instruction, and learning. NO other funding currently exists to upgrade these facilities.

If passed, Measure __ will provide funding to make facility improvements at our school including:

- Repairing or replacing leaky roofs
- Modernizing/renovating outdated classrooms, restrooms and school facilities
- Renovating or replacing deteriorating plumbing and sewer systems
- Making health, safety and security improvements
- Improving student access to ~~computers and~~ modern technology

Measure __ makes financial sense and protects taxpayers.

- All funds must be spent locally and cannot be taken by the State.
- By law, spending must be reviewed and annually audited by an independent citizens' oversight committee.
- Funds can only be spent to improve our school, not for teacher or administrator salaries.

Measure __ upgrades and renovates old and inadequate school facilities, improves the education of local children, and maintains the quality of our community. Protecting our local, high quality education is a wise investment for your property values and a strong community.

JOIN US and VOTE YES on Measure __.

The undersigned proponent(s) or author(s) of the PRIMARY argument IN FAVOR OF ballot MEASURE __ at the GENERAL election for the WESTSIDE ELEMENTARY SCHOOL DISTRICT to be held on NOVEMBER 6, 2018, hereby state that such argument is true and correct to the best of THEIR knowledge and belief.
