**Social Media Goals:**

- Build awareness about VCA and changes to the voting process within Fresno County
- Provide Vote Center and ballot drop-box location information
- Move audience to vote, increasing voter turnout, particularly with lower-propensity voter profiles
- Answer anticipated questions and points of confusion around what VCA is and is not
- Direct audience to the VCA website to access more information with every post
- Promote the Fresno County Elections Office mission and services

**Target Audience:**

- Voting age residents of Fresno County in general who use social media
- Voting age residents of Fresno County who have a lower-propensity to turn out to vote, specifically those who use social media

**High-Level Strategy:**

The Fresno County Elections Office will use a mix of social media platforms including Facebook, Instagram, Twitter, YouTube, LinkedIn and Nextdoor to establish Elections Office profiles where content about the VCA will be shared. These will be beacons of relevant voter and VCA information. The platform mix proportion will be based on where the target users already exist, posting during times of highest potential exposure to the Office’s audience.

Additionally, select posts will be used in paid advertising to target the specific audiences selected. These advertisements will not only generate awareness around the VCA, but will also serve the Elections Office profiles by garnering more followers, such that future posts have a higher organic audience.
