

# COVID-19

## Additional Epidemiology Surveillance Update: COVID-19 Deaths Fresno County, CA

**-All reported numbers are preliminary and subject to change based on further investigation-**  
*If the cause of death is known to be unrelated to COVID-19, the death would not be in the below counts regardless positive status*

### Confirmed COVID-19 Associated Death

Section 1 includes COVID-19 associated deaths among Confirmed cases (requires a COVID-19 PCR positive test).

### COVID-19 Associated Deaths Among Confirmed COVID-19 Cases by Age, Fresno County

| AGE (years) | Number of deaths <sup>1</sup> | % of total COVID-19 deaths | % of 2020 COVID-19 deaths | % of 2021 COVID-19 deaths | % of 2022 COVID-19 deaths |
|-------------|-------------------------------|----------------------------|---------------------------|---------------------------|---------------------------|
| 0-19        | 4                             | 0                          | 0                         | 0                         | 0                         |
| 20-29       | 29                            | 1                          | 1                         | 1                         | 1                         |
| 30 - 39     | 79                            | 3                          | 2                         | 4                         | 2                         |
| 40 - 49     | 176                           | 6                          | 5                         | 7                         | 4                         |
| 50 - 59     | 351                           | 12                         | 11                        | 13                        | 11                        |
| 60 - 69     | 621                           | 22                         | 20                        | 24                        | 19                        |
| 70 - 79     | 706                           | 25                         | 24                        | 23                        | 29                        |
| 80+         | 908                           | 32                         | 37                        | 27                        | 34                        |

<sup>1</sup> This number represents deaths with a registered death certificate and in a confirmed COVID-19 cases. A confirmed COVID-19 cases requires detection of SARS-CoV-2 RNA in a clinical specimen using a molecular amplification detection test.

### COVID-19 Associated Deaths Among Confirmed COVID-19 Cases by Race/Ethnicity & Age, Fresno County

| Race/Ethnicity <sup>1</sup> | Number of deaths <sup>2</sup> | % of deaths under 50 years of age <sup>3</sup> |
|-----------------------------|-------------------------------|--|
| Asian                       | 269                           | 11.2   |
| Black                       | 128                           | 8.6  |
| Hispanic                    | 1436                          | 14.2   |
| White                       | 951                           | 3.3  |
| Native Americans            | 21                            | 9.5  |
| Mixed Races                 | 30                            | 13.3   |
| Other/Unknown <sup>4</sup>  | 39                            | 12.8   |

<sup>1</sup> Based on Race/Ethnicity listed in CalREDIE. <sup>2</sup>This number represents deaths with a registered death certificate and in a confirmed COVID-19 cases. A confirmed COVID-19 cases requires detection of SARS-CoV-2 RNA in a clinical specimen using a molecular amplification detection test. <sup>3</sup>Other/Unknown includes deaths with unknown Race/Ethnicity or Race/Ethnicity groups with <15 deaths. <sup>4</sup> Formula: Deaths in those under 50 / Total deaths \*100

### COVID-19 Associated Deaths Among Confirmed COVID-19 Cases by Gender & Age, Fresno County

| Gender <sup>2</sup> | Number of deaths <sup>1</sup> | % of deaths under 50 years of age <sup>3</sup> |
|---------------------|-------------------------------|--|
| Female              | 1232                          | 8.5  |
| Male                | 1626                          | 11.3   |

<sup>1</sup> This number represents deaths with a registered death certificate and in a confirmed COVID-19 cases. A confirmed COVID-19 cases requires detection of SARS-CoV-2 RNA in a clinical specimen using a molecular amplification detection test. <sup>2</sup> Based on Gender listed in CalREDIE. Trans included in Gender they associated with. Other categories excluded due to low counts for confidentiality reasons. Unknowns excluded. <sup>3</sup> Formula: Deaths in those under 50 / Total deaths \*100

## Probable COVID-19 Associated Death

Section 2 includes Probable COVID-19 associated deaths: death in an Antigen positive case or COVID-19 listed on the Death Certificate with no confirmatory testing.

## Probable COVID-19 Associated Deaths by Age, Fresno County

| AGE (years) | Number of deaths <sup>1</sup> | % of total COVID-19 deaths | % of 2020 COVID-19 deaths | % of 2021 COVID-19 deaths | % of 2022 COVID-19 deaths |
|-------------|-------------------------------|----------------------------|---------------------------|---------------------------|---------------------------|
| 0-19        | 0                             | 0                          | 0                         | 0                         | 0                         |
| 20-29       | 1                             | 1                          | 0                         | 1                         | 0                         |
| 30 - 39     | 6                             | 3                          | 4                         | 5                         | 0                         |
| 40 - 49     | 9                             | 5                          | 4                         | 6                         | 3                         |
| 50 - 59     | 21                            | 11                         | 12                        | 14                        | 5                         |
| 60 - 69     | 41                            | 21                         | 16                        | 25                        | 19                        |
| 70 - 79     | 43                            | 22                         | 16                        | 21                        | 27                        |
| 80+         | 75                            | 38                         | 48                        | 26                        | 46                        |

<sup>1</sup> This number represents deaths with a registered death certificate and in a probable COVID-19 cases.

## Probable COVID-19 Associated Deaths by Race/Ethnicity & Age, Fresno County

| Race/Ethnicity <sup>1</sup> | Number of deaths <sup>2</sup> | % of deaths under 50 years of age |
|-----------------------------|-------------------------------|-----------------------------------|
| Hispanic                    | 70                            | 11.4                              |
| White                       | 78                            | 2.6                               |
| Other/Unknown <sup>3</sup>  | 48                            | 12.5                              |

<sup>1</sup> Based on Race/Ethnicity listed in CalREDIE. <sup>2</sup>This number represents deaths with a registered death certificate and in a probable COVID-19 cases. <sup>3</sup>Other/Unknown includes deaths with unknown Race/Ethnicity or Race/Ethnicity groups with <15 deaths.

## Probable COVID-19 Associated Deaths by Gender & Age, Fresno County

| Gender <sup>2</sup> | Number of deaths <sup>1</sup> | % of deaths under 50 years of age |
|---------------------|-------------------------------|-----------------------------------|
| Female              | 93                            | 4.3                               |
| Male                | 101                           | 11.9                              |

<sup>1</sup>This number represents deaths with a registered death certificate and in a probable COVID-19 cases. <sup>2</sup> Based on Gender listed in CalREDIE. Trans included in Gender they associated with. Other categories excluded due to low counts for confidentiality reasons. Unknowns excluded.

### Confirmed Deaths among Fully Vaccinated

Data from CDPH, conducted by matching Immunization records to Case records.

#### Fully vaccinated (Post-Vaccinated Case):

To be included in this list the following need to be true

- 1 dose in a 1 dose series (J&J) or 2 doses of 2 dose series (Moderna & Pfizer)
- AND
- ≥14 days between final vaccination dose and estimated disease onset date (e. g. episode date)

For data on high risk co-morbidities potentially associated with COVID-19 please go to [CDC People with Certain Medical Condition Page](#) and the [CDC Data Page](#)
