DEPARTMENT OF PUBLIC WORKS AND PLANNING
STEVEN E. WHITE, DIRECTOR

February 2, 2024

Contract No. 23-04-C

ADDENDUM NO. 1 to FOWLER AVE AND OLIVE AVE INTERSECTION IMPROVEMENTS, revising the Bidding and Contract Documents and Plans as follows:

NOTICE TO BIDDERS

DELETE:

The work to be done consists, in general, of installing a new traffic signal, reconstructing the pavement, and widening the intersection of Fowler Avenue and Olive Avenue. The work will also include signing, striping, and pavement marking. Existing water and sewer facilities will need to be relocated and/or adjusted to grade. Two new drain inlets with storm drain pipe are included as part of the work. The contractor is responsible for coordination with utility companies, the City of Fresno, and the Fresno Municipal Flood Control District.

The work will also include signing, striping, and pavement marking. Two new drain inlets with storm drain pipe are included as part of the work. The contractor is responsible for coordination with utility companies, the City of Fresno, and the Fresno Municipal Flood Control District.

DELETE:

The Federal minimum wage rates for this project as predetermined by the United States Secretary of Labor are set forth in **General Decision Number CA20240018, Dated 1/05/2024**, which is incorporated in these special provisions by this reference as if fully set forth herein and which can be viewed at <https://SAM.gov>, under CA20240018. Said Federal wage rates, as well as project plans, special provisions, and bid forms, may also be examined at the County of Fresno office described in the preceding paragraph. Addenda to modify the reference to Federal minimum wage rates to reflect revisions thereto, if necessary, will be issued to planholders of record.

paragraph. Addenda to modify the reference to Federal minimum wage rates to reflect revisions thereto, if necessary, will be issued to planholders of record.

SPECIAL PROVISIONS

15-1.05 Utility Relocation

DELETE:

Utility relocation as shown on the plans “by others” will be performed by the appropriate agency and coordinated by the County. Ensure the project site is prepared as necessary and ready for work on the day(s) scheduled for such work. Inform the Engineer ten (10) working days in advance of completion of site preparation for relocation so the County can schedule work properly. Any traffic control measures needed for the utility relocation shall be responsibility of the Contractor and shall be included in the traffic control system bid item.

The cost of coordinating the relocation with the Engineer and the Utility Company shall be included in the various items of the work and no further compensation shall be paid therefor.
