ADDENDUM NO. 4 to RFP# PWP24-006 Traffic Signal and Lighting Maintenance Operations

Questions and Answers

1. Consultant Evaluation Attachment G refers to LAPM Exhibit 10-B Suggested Evaluation - please confirm that there are no DBE requirements for this contract.

There are no DBE requirements.

2. The DRAFT Agreement is still missing. Attachment F. Also, please provide the necessary insurance requirements for this contract.

Draft agreement has been posted.

3. Attachment C - List of Traffic Signals — this attachment shows flashing beacons, lighted crossing signs, railroad preempt beacons, speed feedback signs, and streetlights. Are there any PM requirements for these items or are PMs only for traffic signals listed on this attachment? If there are PMs for the non-traffic signals, can Attachment H Cost Proposal be amended as such?

PMs are only for traffic signals with a "Yes" under the "PMI" column, of Attachment C-List of Traffic Signals and Lighting. Refer to the revised "Attachment A Scope, Section A.16".

4. How are materials to be charged? Cost plus markup?

Materials can be included under Attachment H, Other Costs.

5. Under Scope of Services

a. #9 Railroad Preemption Installation/Programming/Maintenance - please provide details regarding the expected maintenance. Railroad work requires special coordination with the railroad entity responsible for railroad crossing. How many signals are part of this? Is the engineering for the timing programming to be handled under the Engineering timing card RFP.

The County will provide assistance with the railroad as needed. There are three signals: 1) American & Golden State, 2) Central & Golden State, and 3) Golden State & Mountain View. The engineering for timing will be handled under another agreement.

b. #8 Bus Rapid Transit Installation/Programming/Maintenance - please provide details regarding the expected maintenance. BRT requires special coordination with the bus agency. Will there be assistance provided by the County?
