SUBJECT: Amendment Application No. 3861 and Initial Study No. 8455

APPLICANT: Arsh Samra

DUE DATE: **September 29, 2023**

The Department of Public Works and Planning, Development Services and Capital Projects Division is reviewing the subject application proposing to Rezone a 1.69-acre parcel in the AL-20 (Limited Agricultural, 20-acre minimum parcel size) Zone District to the M-1 (Light Manufacturing) Zone District to allow a Truck Yard Terminal and a dispatch office.

The subject parcel is located on the east side of Peach Avenue, approximately one mile from the City of Fresno. (APN: 331-080-42) (ADDRESS: 3102 S. Peach Avenue) (Sup. Dist. 4).

The Department is also reviewing for environmental effects, as mandated by the California Environmental Quality Act (CEQA) and for conformity with plans and policies of the County.

Based upon this review, a determination will be made regarding conditions to be imposed on the project, including necessary on-site and off-site improvements.

We must have your comments by **September 29, 2023**. Any comments received after this date may not be used.

If you do not have comments, please provide a “NO COMMENT” response to our office by the above deadline (e-mail is also acceptable; see email address below).

Please address any correspondence or questions related to environmental and/or policy/design issues to me, Reymundo Peraza, Planner, Development Services and Capital Projects Division, Fresno County Department of Public Works and Planning, 2220 Tulare Street, Sixth Floor, Fresno, CA 93721, or call (559) 600-4224, or email rperaza@fresnocountyca.gov

**REQUIRED FINDINGS NECESSARY FOR GRANTING A
CONDITIONAL USE PERMIT APPLICATION
AS SPECIFIED IN ZONING ORDINANCE SECTION 873**

1. That the site of the proposed use is adequate in size and shape to accommodate said use and all yards, spaces, walls and fences, parking, loading, landscaping, and other features required by this Division, to adjust said use with land and uses in the neighborhood.
2. That the site for proposed use relates to streets and highways adequate in width and pavement type to carry the quantity and kind of traffic generated by the proposed use.
3. That the proposed use will have no adverse effect on abutting property and surrounding neighborhood or the permitted use thereof.
4. That the proposed development is consistent with the General Plan.

**REQUIRED FINDINGS NECESSARY FOR THE GRANTING
OF A VARIANCE APPLICATION AS SPECIFIED IN ZONING
ORDINANCE SECTION 877**

1. There are exceptional or extraordinary circumstances or conditions applicable to the property involved which do not apply generally to other property in the vicinity having the identical zoning classification.
2. Such variance is necessary for the preservation and enjoyment of a substantial property right of the applicant, which right is possessed by other property owners under like conditions in the vicinity having the identical zoning classification.
3. The granting of a variance will not be materially detrimental to the public welfare or injurious to property and improvement in the vicinity in which the property is located.
4. The granting of such variance will not be contrary to the objectives of the General Plan.

**REQUIRED FINDINGS NECESSARY FOR THE GRANTING
OF A DIRECTOR REVIEW AND APPROVAL APPLICATION
AS SPECIFIED IN ZONING ORDINANCE SECTION 872**

1. That the site of the proposed use is adequate in size and shape to accommodate said use and all yards, spaces, walls and fences, parking, loading, landscaping and other features required by this Division, to adjust said use with land and uses in the neighborhood.
2. That the site for the proposed use relates to streets and highways adequate in width and pavement type to carry the quantity and kind of traffic generated by the proposed use.
3. That the proposed use will not be detrimental to the character of the development in the immediate neighborhood or the public health, safety, and general welfare.
4. That the proposed development be consistent with the General Plan.

**REQUIREMENTS FOR SUBMITTING SITE PLANS TO THE
FRESNO COUNTY PUBLIC WORKS AND PLANNING
DEPARTMENT**

The purpose of the site (or plot) plan is to enable the Development Services Division to determine whether or not a proposed development conforms to Zoning Ordinance regulations. The requirements below are necessary to ensure proper and timely review based on complete information, and to prevent unnecessary delays in the processing of applications. Improper or incomplete site plans will not be accepted.

General Requirements

1. The plan must be drawn on a sheet having the following minimum dimensions:
 - 18" x 24" for CUPs and SPRs
 - 8.5" x 11" for Variances and DRAs
2. The plan must show the entire parcel of property described in the application. If only a portion of an existing parcel is to be developed, a key map shall be included showing the entire parcel.
3. The plan must be drawn to scale, and the scale must be clearly shown. (Scale should also be large enough to adequately show required information). Parking and circulation plans must be drawn to a scale of 1"= 30', 1/32"= 1', or larger.
4. The plan shall be drawn so that north is at the top of the page and shall include a north arrow.
5. Each plan shall be folded individually, with the bottom right- hand corner facing up. Maximum acceptable folded size shall be 8.5" x 11"

Specific Information to be Shown

1. All existing and proposed building and structures, including buildings to be removed. Buildings should be labeled as either existing (E) or proposed (P).
2. The proposed use of all buildings and structures.
3. All adjacent streets and roads and their names
4. Access to the property: pedestrian, vehicular, and service.
5. Proposed street improvements and dedications.

6. Existing and proposed off-street parking and loading areas: location and type of paving, number of spaces (including detailed layout) and internal circulation pattern.
7. Existing and proposed signs: location, type of lighting, face area (text) and height.
8. Existing and proposed on-site lighting: location, type of fixtures, height and method of controlling glare and illumination.
9. The following measurements:
 - All dimensions of the site (or sites)
 - All dimensions of buildings and structures (including height).
 - All dimensions of off-street parking and loading areas.
 - The distance of all buildings and structures from property lines.
 - The distance between all buildings and structures.
10. Walls and fences: location, height and type of material.
11. Landscaping: location and type of plant material.
12. Pedestrian walkways: location, width and type of paving.
13. Existing wells and private sewage disposal systems.
14. Such other information as may be pertinent to the application.

OVER.....

OTHER PERMIT REQUIREMENTS AND/OR FEES

Although the primary purpose of the Pre-application Review is to identify the zoning ordinance application(s) required for your proposed project, our staff also makes every effort to identify other requirements or procedures that you may have to address in order to complete the project. We know how important it is for you to identify all of the steps, requirements and fees that may be encountered. During a pre-application meeting, the bottom portion of the "Pre-application Review" (see reverse side) will be used for that purpose. Items checked at the bottom of the form reference other clearances, applications or permit requirements that will involve additional fees. Some of these fees may be substantial, as shown in the examples cited below.

Drainage Ordinance:	Fees range from \$500/acre to \$15,000/acre. <i>(Fee determination is made during the application review process.)</i>
Site Plan Review (SPR):	Fees range from \$3,911 to \$13,691 depending on the size of the area being developed.
School District:	Fees vary and are set by each district. The most common fees are about \$2.00/square-foot for residential construction, and \$0.30/square-foot for commercial and industrial buildings. <i>(Contact the applicable school district.)</i>

Despite our best efforts at the pre-application meeting, it is not always possible to identify all of the requirements or fees that may be applicable to your project. Certain requirements, for example, may be identified during the application review process when we obtain comments from reviewing agencies such as the Air Pollution Control District, the California Regional Water Quality Control Board, the Fire Protection District, Water and Sewer Districts, and the County Health Department. It is important to recognize that your project may be subject to the permit and fee requirements of these and other agencies. We encourage you to contact these agencies to obtain current fee and permit information that may apply. In addition to the above, a Public Facility Impact Fee and Regional Transportation Mitigation Fee may also be assessed at building permit issuance.

If you have questions regarding any of the matters discussed above, we encourage you to discuss them with staff prior to submitting your application. A contact person and their phone number are listed on the front of this form.

DEPARTMENT OF PUBLIC WORKS AND PLANNING
STEVEN E. WHITE, DIRECTOR

May 15, 2023

Arsh Samra
6083 N. Fig Garden Dr. #651
Fresno, Ca. 93722

Dear: Arsh Samra

Pre-Application Review No. 23-005816

Proposal:

Amendment Application to Rezone a 1.69-acre parcel in the AL-20 (Limited Agricultural, 20-acre minimum parcel size) Zone District to the M-1 (Light Manufacturing) Zone District to allow a Truck Yard Terminal and a dispatch office.

Project Location:

The subject parcel is located on the east side of Peach Avenue, approximately one mile from the City of Fresno. (APN: 331-080-42) (ADDRESS: 3102 S. Peach Avenue) (Sup. Dist. 4).

Rezoning:

An Amendment Application (AA) is required to rezone the property from the AL-20 (Limited Agricultural, 20-acre minimum parcel size) Zone District to the M-1 (Light Manufacturing) Zone District. I am enclosing the necessary forms to return for a complete application.

It should be noted that the proposed Zoning is consistent with the underlying General Plan land use designation in the Roosevelt Community Plan of Fresno County, which makes it possible to approve the Amendment to the zoning without the necessity for a General Plan Amendment.

The Board of Supervisors has recommended; however, it is not required at this time, that applications to rezone to an Industrial zoning be accompanied by a Site Plan Review application, which illustrates how the site is proposed to be developed. The Site Plan Review unit may be contacted at (559) 600-4022 for more information about submittal requirements.

Site Plan Review Application Required Separately:

- The Board of Supervisors has recommended; however, it is not required at this time, that applications to rezone to an Industrial zoning be accompanied by a Site Plan Review or Conditional Use Permit application, which illustrates how the site is proposed to be developed.
- Alternatively, you may submit an independent SPR application prior to an approval of your application, but is done at your assumed risk of having to amend your SPR Application to align with the final decision of the Board of Supervisors, or;

- You can make the SPR application after your application is approved by the Board of Supervisor

California Environmental Quality Act:

Per CEQA, your project will require preparation of an “Initial Study” for your project. A greenhouse gas analysis is required for all Initial Studies. Additionally, if there are elements of your project that could have potentially significant impacts on the environment, you would be required to have technical studies prepared to quantify the scope of those impacts. Such studies may include, but are not limited to:

- traffic impact study,
- air quality assessment,
- hydro-geologic survey,
- noise assessment, and
- flood inundation study,

Depending on the analysis in the Initial Study the County will have to prepare an environmental document of either a

- 1) Negative Declaration;
- 2) Mitigated Negative Declaration; or
- 3) Environmental Impact Report.

If your project is approved with one of these documents, you will be required to pay California Department of Fish & Wildlife (CDFW) Fee, which is estimated later in this letter.

Attached to the Initial Study application is also information from the CDFW regarding how you may file for No Effect Determination (NED) to seek an exception to these fees if you qualify. Staff of the Development Services and Capital Projects Division cannot make a “NED” Finding allowing an exception to CDFW fees involved with the preparation and posting of environmental documents. Should you believe your project has no effect on resources under the purview and/or protection of CDFW, it will be necessary for you to contact that agency directly to obtain a written determination of no effect prior to completion of your environmental document.

Consultation with Californian Native American Tribes:

Pursuant to State law, if an initial study or an EIR is prepared or the General Plan is Amended Tribes may request a consultation process to comment on the project. If no request is received within thirty (30) days, then the project will proceed without formal consultation with the tribes.

Flood Control District:

Projects within the Fresno Metropolitan Flood Control District (FMFCD) boundaries will be routed to FMFCD for review and comment. FMFCD will review your application and return a Notice of Requirements (NOR) form and a completed FMFCD Drainage Fee Calculation Worksheet to the County, if applicable. The NOR will include their Development review fees for the NOR that are due prior to your project being scheduled for the Planning Commission or prior

to DRA approval, and for a Grading Plan Review that is due upon first submittal of your grading plans for review. The calculated drainage fee provided will be valid through the following February, upon which the fee may be revised. Development review fees are to be paid by the applicant directly to FMFCD, with proof of payment provided to the County. Drainage fees can be paid to FMFCD or the County prior to the issuance of building permits by the County.

County Health Department Review:

The proposal will be routed to the Fresno County Department of Public Health, Environmental Health Division for review and comments. Project Review Fees of \$432.00 will be charged for review of your proposal by this Department.

Your property is in an area of agricultural land use:

As such, the proposal will be routed to the Fresno County Department of Agriculture for review and comment by staff of the Agricultural Commissioner's Office. A Project Review Fee of \$42.00 will be charged for review of your proposal by this Department.

Irrevocable Offer of Road-Rights-of-Way:

Depending upon the scope and specifics of your project, an irrevocable offer of dedication for road rights-of-way may be required as a mitigation measure or as a condition of project approval.

Fire Protection District:

You are located within the jurisdiction of the Fresno County Fire Protection District which conducts plan reviews on all projects to confirm that certain fire and life safety issues are addressed. Some examples of fire and life safety issues are fire apparatus access, fire lanes, gates, water supply systems, fire suppression systems, fire alarm systems, high-piled storage, evacuation plans, exiting systems, and hazardous materials storage.

It is suggested that you contact the Fresno County Fire Protection District at (559) 493-4359 to schedule a meeting to discuss the specific fire protection requirements for the project during the design stage of the project.

It is recommended that you consult with surrounding property owners:

The Planning Commission and Board of Supervisors will often inquire about an Applicant's efforts to work with surrounding neighbors of the project, it is recommended prior to your application and/or hearing before the Commission, you contact the surrounding property owners and residents to determine if there are concerns and/or support for your project. Surrounding property owners will receive applicable notices in the mail. Property owners will have the opportunity to comment on the project in writing or present testimony at public hearings.

BELOW ARE THE FILING REQUIREMENTS FOR YOUR PROJECT:

Refunds: Submission of fees and all required documents does not indicate in any way that an application will be approved. If processing of an application is discontinued. Only a portion of the fees paid will be eligible for refund; the amount will depend on where you are in the process.

Application Form: This application is a green form. Please fully complete the owner, applicant, and representative portions of the application. All owners included on the Grant Deed must sign the application. An electronic version of the form is available. Please contact us via email to receive the electronic version.

Initial Study Application: This application form is a stapled five-page form. Please complete and sign.

Pre-Application Review: This is the single blue sheet that has been completed and returned to you with this letter. Please return the completed blue Pre-Application Review sheet with your formal application submittal. The information provided on this sheet will be needed to complete the application. **(Note: The Pre-Application Fee of \$247.00 will be applied to the Filing Fee if a formal application is submitted within six months of the date on the Pre-Application form. The following Filing Fee information assumes that the application will be filed within the six-month time period.)**

FMFCD fees: Additional Fresno Metropolitan Flood Control District (FMFCD) fees may be required prior to the issuance of any permits. These fees will be identified during the application process.

Legal Description: Submit a copy of the Grant Deed to the property with the legal description. (Note: The legal description must correlate with the property boundaries depicted on the Site Plan drawing.)

Site Plans, Floor Plans and Elevations: Four (4) folded copies of a detailed Site Plan are required. We route projects for comments electronically, therefore we request that electronic versions of all drawings be submitted in PDF format. If that is not possible, we require one black-line print in either 8½"x11" or 11"x17" size so that it can be scanned. Please refer to the back of the application for detailed requirements on preparing Site Plans. It is important that all requirements are met in order for the Site Plan to be acceptable. Therefore, you may wish to review the Site Plan with a Planner prior to submitting the application. In addition, four (4) folded copies of the Floor Plan and Elevations are required, as well as an electronic PDF version or reduction as described above.

Proposed Septic System: It is critical to clearly identify on the site plan the location of any existing and proposed septic systems. If you are choosing to use an existing septic system

for both residences, clearly identify how you will be tying into the system and identify the capacity of the existing tank and length of the leach lines. Please refer to the enclosed *Location of Sewage Disposal System* handout for information on capacity and location requirements, as well as the *Site Plan Requirements for Second Residences* handout.

Project Description/Operational Statement: Please provide a complete, detailed description of the proposed use. Enclosed is a checklist of considerations that should be addressed. The Operational Statement must be on a separate sheet and should be typed.

Photographs: Provide labeled photos of panoramic views of the property (north, south, east, and west).

Filing Fees:

Amendment (AA) Application	\$ 6,214.00
Violation (35% of AA)	\$ 3,540.25
Initial Study (IS) Application	\$ 3,901.00
Agricultural Commissioner Review	\$ 42.00
Public Health Environmental Review	\$ <u>383.00</u>

Minus the \$247.00 Pre-Application Credit (If within 6months) \$ - 247.00

Please make check payable to "Fresno County" for: \$ 13,833.25

Also, a separate check for \$75 must be submitted, payable to the *Southern San Joaquin Valley Information Center* for archaeological inventory. In addition, a separate fee may be collected by the County on behalf of the California Department of Fish & Wildlife prior to closure of the Initial Study Assessment and prior to setting a date for public hearing. For more information regarding this fee, see Page 5 of the Initial Study Application.

As prescribed by the Zoning Ordinance, the Planning Commission will make a decision on the application following a public hearing. The Planning Commission hearing should occur approximately four to six months from the date the application is submitted; however, this time frame will be extended if reviewers request additional information, or if review by the State Clearinghouse is needed. Please note that if review comments are not received from certain key reviewing agencies in response to our initial request for comments, staff will continue to pursue formal comments from those agencies so as to provide for the most complete project analysis possible. This may result in additional processing time. Also, please note that an appeal of the Planning Commission's decision would add additional time because it would necessitate a hearing before the Board of Supervisors, who would then make the final decision.

Arsh Samra
May 15, 2023
Page 6

In order to save time processing your application, we recommend that you or your representative schedule a meeting to review your application submittal prior to filing a formal application.

If you have any questions regarding the information described in this letter, or wish to schedule a meeting concerning the filing of an application, please contact me at rperaza@co.fresno.ca.us or (559) 600-4224.

Sincerely,

Reymundo Peraza

OVER.....

OTHER PERMIT REQUIREMENTS AND/OR FEES

Although the primary purpose of the Pre-application Review is to identify the zoning ordinance application(s) required for your proposed project, our staff also makes every effort to identify other requirements or procedures that you may have to address in order to complete the project. We know how important it is for you to identify all of the steps, requirements and fees that may be encountered. During a pre-application meeting, the bottom portion of the "Pre-application Review" (see reverse side) will be used for that purpose. Items checked at the bottom of the form reference other clearances, applications or permit requirements that will involve additional fees. Some of these fees may be substantial, as shown in the examples cited below.

Drainage Ordinance:	Fees range from \$500/acre to \$15,000/acre. <i>(Fee determination is made during the application review process.)</i>
Site Plan Review (SPR):	Fees range from \$3,911 to \$13,691 depending on the size of the area being developed.
School District:	Fees vary and are set by each district. The most common fees are about \$2.00/square-foot for residential construction, and \$0.30/square-foot for commercial and industrial buildings. <i>(Contact the applicable school district.)</i>

Despite our best efforts at the pre-application meeting, it is not always possible to identify all of the requirements or fees that may be applicable to your project. Certain requirements, for example, may be identified during the application review process when we obtain comments from reviewing agencies such as the Air Pollution Control District, the California Regional Water Quality Control Board, the Fire Protection District, Water and Sewer Districts, and the County Health Department. It is important to recognize that your project may be subject to the permit and fee requirements of these and other agencies. We encourage you to contact these agencies to obtain current fee and permit information that may apply. In addition to the above, a Public Facility Impact Fee and Regional Transportation Mitigation Fee may also be assessed at building permit issuance.

If you have questions regarding any of the matters discussed above, we encourage you to discuss them with staff prior to submitting your application. A contact person and their phone number are listed on the front of this form.

AGENT AUTHORIZATION

AUTHORIZATION OF AGENT TO ACT ON BEHALF OF PROPERTY OWNER

The Agent Authorization form is required whenever a property owner grants authority to an individual to submit and/or pursue a land use entitlement application on their behalf. This form must be completed by the property owner and submitted with the land use entitlement application to confirm that the property owner has granted authority to a representative to sign application forms on their behalf and represent them in matters related to a land use entitlement application.

The below named person is hereby authorized to act on my behalf as agent in matters related to land use entitlement applications associated with the property listed below.

Agent Name (Print or Type)

Company Name (Print or Type)

Mailing Address

City / State / Zip Code

Phone Number

Email Address

Project APN

Project Street Address

A list consisting of ____ additional properties is attached (include the APN for each property).

Project Description (Print or Type):

The undersigned declares under penalty of perjury that they own, possess, control or manage the property referenced in this authorization and that they have the authority to designate an agent to act on behalf of all the owners of said property. The undersigned acknowledges delegation of authority to the designated agent and retains full responsibility for any and all actions this agent makes on behalf of the owner.

Owner Signature

Date

Owner Name (Print or Type)

Phone Number

Email Address

* If the legal owner of the property is a corporation, company, partnership or LLC, provide a copy of a legal document with this authorization form showing that the individual signing this authorization form is a duly authorized partner, officer or owner of said corporation, company, partnership or LLC.

OPERATIONAL STATEMENT

April 2023
County of Fresno
Planning & Development Department
2220 Tulare Street
Fresno, CA 93721

Attention: Daniel Gutierrez

Re: DRA No. XXX
Pre-app invoice #
3102 S Peach Avenue,
Fresno Ca. 93725
APN # 331-080-42S
Current Zoning: AL20
Request Rezone: M1

Project description:

The project property is located at 3102 S Peach Ave, Fresno Ca 93725, APN: 331-080-42S, and pertains area of 1.69 acres. The Pre-application was submitted requesting a rezone of this property from the current zoning of AL20 Limited Agricultural to MI Light Manufacturing.

Business Name:	TBD
Product / Services:	A transportation dispatch office, freight yard, and trucking yard terminal
Anticipated Traffic:	Traffic will increase during construction activities for a few months to deliver supplies and materials during the ongoing construction period. There will be no traffic congestion caused by site improvement activities as construction work will start early and finish later during the day hours. The traffic may increase once the operational use of the building commences.
Number of Employees:	3-5 office employees
On-site storage/Equipment:	N/A
Security Measures:	Security cameras may be mounted interior, at entry, and at exit points.
Operation Time:	Proposed operational use will be operated Monday thru Friday from 8 am to 5 pm.
Access to Site:	Two new 45' wide on-site access driveway approach on access roads or as per Code of Ordinance
Parking:	Parking spaces will be provided as per the Code of Ordinance.
Supplies or Material:	N/A.
Unightly Appearance:	N/A

Solid or Liquid Waste: Solid waste and liquid waste will be generated from restrooms and trash/bin receptors.

Estimated Water Usage: Water needs will be fulfilled by the existing on-site water well or as per County of Fresno requirements.

Advertising Sign Buildings: No advertising sign is proposed or existing.

Outdoor Lighting: Exterior wall lighting will be added as per the requirements of site plan conditions.

Landscape: New landscape areas will be provided as per requirements of site plan conditions.

Noise/Hazardous Materials: Noise level may increase with proposed building operations added to the property. There will be no hazardous waste materials from this residential site.

Sincerely *Arsh Samra* Arsh Samra

**REQUIRED FINDINGS NECESSARY FOR GRANTING A
CONDITIONAL USE PERMIT APPLICATION
AS SPECIFIED IN ZONING ORDINANCE SECTION 873**

1. That the site of the proposed use is adequate in size and shape to accommodate said use and all yards, spaces, walls and fences, parking, loading, landscaping, and other features required by this Division, to adjust said use with land and uses in the neighborhood.
2. That the site for proposed use relates to streets and highways adequate in width and pavement type to carry the quantity and kind of traffic generated by the proposed use.
3. That the proposed use will have no adverse effect on abutting property and surrounding neighborhood or the permitted use thereof.
4. That the proposed development is consistent with the General Plan.

**REQUIRED FINDINGS NECESSARY FOR THE GRANTING
OF A VARIANCE APPLICATION AS SPECIFIED IN ZONING
ORDINANCE SECTION 877**

1. There are exceptional or extraordinary circumstances or conditions applicable to the property involved which do not apply generally to other property in the vicinity having the identical zoning classification.
2. Such variance is necessary for the preservation and enjoyment of a substantial property right of the applicant, which right is possessed by other property owners under like conditions in the vicinity having the identical zoning classification.
3. The granting of a variance will not be materially detrimental to the public welfare or injurious to property and improvement in the vicinity in which the property is located.
4. The granting of such variance will not be contrary to the objectives of the General Plan.

**REQUIRED FINDINGS NECESSARY FOR THE GRANTING
OF A DIRECTOR REVIEW AND APPROVAL APPLICATION
AS SPECIFIED IN ZONING ORDINANCE SECTION 872**

1. That the site of the proposed use is adequate in size and shape to accommodate said use and all yards, spaces, walls and fences, parking, loading, landscaping and other features required by this Division, to adjust said use with land and uses in the neighborhood.
2. That the site for the proposed use relates to streets and highways adequate in width and pavement type to carry the quantity and kind of traffic generated by the proposed use.
3. That the proposed use will not be detrimental to the character of the development in the immediate neighborhood or the public health, safety, and general welfare.
4. That the proposed development be consistent with the General Plan.

**REQUIREMENTS FOR SUBMITTING SITE PLANS TO THE
FRESNO COUNTY PUBLIC WORKS AND PLANNING
DEPARTMENT**

The purpose of the site (or plot) plan is to enable the Development Services Division to determine whether or not a proposed development conforms to Zoning Ordinance regulations. The requirements below are necessary to ensure proper and timely review based on complete information, and to prevent unnecessary delays in the processing of applications. Improper or incomplete site plans will not be accepted.

General Requirements

1. The plan must be drawn on a sheet having the following minimum dimensions:
 - 18" x 24" for CUPs and SPRs
 - 8.5" x 11" for Variances and DRAs
2. The plan must show the entire parcel of property described in the application. If only a portion of an existing parcel is to be developed, a key map shall be included showing the entire parcel.
3. The plan must be drawn to scale, and the scale must be clearly shown. (Scale should also be large enough to adequately show required information). Parking and circulation plans must be drawn to a scale of 1"= 30', 1/32"= 1', or larger.
4. The plan shall be drawn so that north is at the top of the page and shall include a north arrow.
5. Each plan shall be folded individually, with the bottom right- hand corner facing up. Maximum acceptable folded size shall be 8.5" x 11"

Specific Information to be Shown

1. All existing and proposed building and structures, including buildings to be removed. Buildings should be labeled as either existing (E) or proposed (P).
2. The proposed use of all buildings and structures.
3. All adjacent streets and roads and their names
4. Access to the property: pedestrian, vehicular, and service.
5. Proposed street improvements and dedications.

6. Existing and proposed off-street parking and loading areas: location and type of paving, number of spaces (including detailed layout) and internal circulation pattern.
7. Existing and proposed signs: location, type of lighting, face area (text) and height.
8. Existing and proposed on-site lighting: location, type of fixtures, height and method of controlling glare and illumination.
9. The following measurements:
 - All dimensions of the site (or sites)
 - All dimensions of buildings and structures (including height).
 - All dimensions of off-street parking and loading areas.
 - The distance of all buildings and structures from property lines.
 - The distance between all buildings and structures.
10. Walls and fences: location, height and type of material.
11. Landscaping: location and type of plant material.
12. Pedestrian walkways: location, width and type of paving.
13. Existing wells and private sewage disposal systems.
14. Such other information as may be pertinent to the application.

WHAT IS AN AMENDMENT APPLICATION (AA)?

An Amendment Application (AA) is a request to change the zoning on a specific parcel of land from one zone district to another. Generally, a property owner who desires to establish a use that is not allowed in the current zone district files this request. Each of the more than 35 zone districts has its own list of uses allowed as a matter of right and those that are permitted by conditional use permit (CUP) or other special permit.

A free handout (titled County Ordinance Code Zoning Districts) is available that generally describes the various zone districts and the uses permitted. Zoning Ordinance excerpts, which contain the detailed regulations for each zone district, can be purchased at the Permit Assistance & Zoning Counter.

Approval of an AA requires a public hearing before the Fresno County Planning Commission and the Board of Supervisors. Notice of the hearing is mailed to all surrounding property owners within 600 feet or one-quarter mile of the project site (depending on urban or rural setting).

WHAT ARE THE SUBMITTAL REQUIREMENTS FOR AN AA?

Prior to submitting an application for an AA, it is highly recommended that the applicant obtain a Pre-Application Review which is prepared by the Permit Counter. This checklist allows staff to identify information specific to the property which may affect submittal and processing of the application. For example, a General Plan Amendment may also be required if the proposed zoning is not allowed by the Plan.

The application package for an AA includes the following:

- AA application form and filing fees;
- Initial Study application form and filing fees (please review separate handout);
- A current ownership deed with an accurate legal description of the subject parcel;
- A legal description of the area to be rezoned if different from the description on the deed;
- The Pre-Application Review.

Prior to submitting the application package, the applicant may request a “pre-development meeting” to discuss the proposal with staff from County Departments and other reviewing agencies.

WHAT IS THE PROCESS THE AA GOES THROUGH?

After the applications for the AA and Initial Study are determined to be complete and accepted, the applications are routed to County Departments and various other agencies for review. Following the comment period, staff conducts the Initial Study and reviews the AA with regard to General Plan Policies and potential impacts to surrounding properties. After the Initial Study and AA review is completed, a notice announcing the hearing dates before the Planning Commission and Board of Supervisors is mailed to the property owner, applicant, and surrounding property owners. A staff report is then prepared for the Planning Commission. The report includes a summary of the analysis, and a recommendation for approval

(with or without conditions) or denial of the requested zone change. The staff report is made available to the Commission, the applicant, and the public prior to the hearing.

The Planning Commission and Board of Supervisors hearings are held in the Board of Supervisors Chambers located on the third floor of the Hall of Records, 2281 Tulare Street, Fresno.

APPEAL PROCESS

If the Planning Commission decides to recommend approval of the AA to the Board of Supervisors, the application is automatically forwarded to the Board for hearing. If the Planning Commission denies the application, the applicant or any other affected party may appeal the determination to the Board of Supervisors. The appeal form and filing fee must be submitted to the Clerk to the Board of Supervisors within 15 days of the Commission’s action.

HOW LONG DOES THE AA PROCESS TAKE?

Generally, an AA will require approximately 4 to 6 months to process. This time period is extended if additional information is required of the applicant during the Initial Study/Application Review Process. The applicant will be notified within 30 days of the application receipt date if additional information or special studies are needed in order to continue processing the application. The processing time will be substantially greater if an Environmental Impact Report is required.

AFTER THE AA IS APPROVED, WHAT NEXT?

The approval of an AA does not address all requirements that must be met in order for development to proceed. Other requirements may include a conditional use permit, a site plan review application, grading permits, building permits, and payment of associated fees. In addition, fees may be required by other agencies (e.g. school district, flood control district).

County staff is available to answer any questions you may have regarding the amendment application process. Please call (559) 600-4497, for assistance.

It is important that the Operational Statement provides for a complete understanding of your proposal. The Operational Statement that you submit **must** address all of the following that apply to your proposal. **Your Operational Statement must be typed or written in a legible manner on a separate sheet(s) of paper. Do not submit this checklist as your Operational Statement.** It should serve only as a guide for preparing a complete Statement.

- ___ 1. **Nature of the operation--what do you propose to do? Describe in detail.**
- ___ 2. **Operational time limits:**
Months (if seasonal): _____ Days per week: _____
Hours (from _____ to _____) Total hours per day: _____
Special activities: _____ Frequency: _____ Hours: _____ Are these indoors or outdoors?
- ___ 3. **Number of customers or visitors:**
Average number per day: _____ Maximum number per day: _____ Hours (when they will be there): _____
- ___ 4. **Number of employees:**
Current: _____ Future: _____ Hours they work: _____ Do any live on-site as a caretaker?
- ___ 5. **Service and delivery vehicles:**
Number: _____ Type: _____ Frequency: _____
- ___ 6. **Access to the site:**
Public Road: _____ Private Road: _____ Surface: _____ Unpaved (dirt/gravel) / Paved: _____
- ___ 7. **Number of parking spaces for employees, customers, and service/delivery vehicles.**
Type of surfacing on parking area. _____
- ___ 8. **Are any goods to be sold on-site? If so, are these goods grown or produced on-site or at some other location?** Explain. _____
- ___ 9. **What equipment is used?** If appropriate, provide pictures or brochure. _____
- ___ 10. **What supplies or materials are used and how are they stored?** _____
- ___ 11. **Does the use cause an unsightly appearance?**
Noise? _____ Glare? _____ Dust? _____ Odor? _____
If so, explain how this will be reduced or eliminated. _____
- ___ 12. **List any solid or liquid wastes to be produced.**
Estimated volume of wastes: _____ How and where is it stored? _____
How is it hauled, and where is it disposed? _____ How often? _____
- ___ 13. **Estimated volume of water to be used (gallons per day).** Source of water? _____
- ___ 14. **Describe any proposed advertising including size, appearance, and placement.** _____
- ___ 15. **Will existing buildings be used or will new buildings be constructed?**
Describe type of construction materials, height, color, etc. Provide Floor Plan and elevations, if appropriate. _____
- ___ 16. **Explain which buildings or what portion of buildings will be used in the operation.** _____
- ___ 17. **Will any outdoor lighting or an outdoor sound amplification system be used?**
Describe and indicate when used. _____
- ___ 18. **Landscaping or fencing proposed?** Describe type and location. _____
- ___ 19. **Any other information that will provide a clear understanding of the project or operation.** _____
- ___ 20. **Identify all Owners, Officers and/or Board Members for each application submitted; this may be accomplished by submitting a cover letter in addition to the information provided on the signed application forms.**

FRESNO COUNTY DEVELOPMENT SERVICES AND CAPITAL PROJECTS

PLOT PLAN EXAMPLE

Site plan must be drawn to scale, on 8-1/2" x 11" paper

The site plan shall include the following:

1. All property lines
2. Adjacent streets & closest cross-street
3. Parcel size
4. Easements
5. North arrow
6. Accurate property dimensions
7. Existing & proposed buildings
8. Well and septic system location
9. Driveway location
10. Proposed setbacks
11. Width of road right-of-way
12. Official Plan of Streets and Highways
13. Turn around areas
14. LPG storage tank(s)/Water storage tank(s)
15. Space between buildings

NOTICE AND ACKNOWLEDGMENT

INDEMNIFICATION AND DEFENSE

The Board of Supervisors has adopted a policy that applicants should be made aware that they may be responsible for participating in the defense of the County in the event a lawsuit is filed resulting from the County's action on your project. You may be required to enter into an agreement to indemnify and defend the County if it appears likely that litigation could result from the County's action. The agreement would require that you deposit an appropriate security upon notice that a lawsuit has been filed. In the event that you fail to comply with the provisions of the agreement, the County may rescind its approval of the project.

STATE FISH AND WILDLIFE FEE

State law requires that specified fees (effective January 1, 2023: \$3,839.25 for an EIR; \$2,764.00 for a Mitigated/Negative Declaration) be paid to the California Department of Fish and Wildlife (CDFW) for projects which must be reviewed for potential adverse effect on wildlife resources. The County is required to collect the fees on behalf of CDFW. A \$50.00 handling fee will also be charged, as provided for in the legislation, to defray a portion of the County's costs for collecting the fees.

The following projects are exempt from the fees:

- 1. All projects statutorily exempt from the provisions of CEQA (California Environmental Quality Act).*
- 2. All projects categorically exempt by regulations of the Secretary of Resources (State of California) from the requirement to prepare environmental documents.*

A fee exemption may be issued by CDFW for eligible projects determined by that agency to have "no effect on wildlife." That determination must be provided in advance from CDFW to the County at the request of the applicant. You may wish to call the local office of CDFW at (559) 222-3761 if you need more information.

Upon completion of the Initial Study you will be notified of the applicable fee. Payment of the fee will be required before your project will be forwarded to the project analyst for scheduling of any required hearings and final processing. The fee will be refunded if the project should be denied by the County.

**REQUIRED FINDINGS NECESSARY FOR GRANTING A
CONDITIONAL USE PERMIT APPLICATION
AS SPECIFIED IN ZONING ORDINANCE SECTION 873**

1. That the site of the proposed use is adequate in size and shape to accommodate said use and all yards, spaces, walls and fences, parking, loading, landscaping, and other features required by this Division, to adjust said use with land and uses in the neighborhood.
2. That the site for proposed use relates to streets and highways adequate in width and pavement type to carry the quantity and kind of traffic generated by the proposed use.
3. That the proposed use will have no adverse effect on abutting property and surrounding neighborhood or the permitted use thereof.
4. That the proposed development is consistent with the General Plan.

**REQUIRED FINDINGS NECESSARY FOR THE GRANTING
OF A VARIANCE APPLICATION AS SPECIFIED IN ZONING
ORDINANCE SECTION 877**

1. There are exceptional or extraordinary circumstances or conditions applicable to the property involved which do not apply generally to other property in the vicinity having the identical zoning classification.
2. Such variance is necessary for the preservation and enjoyment of a substantial property right of the applicant, which right is possessed by other property owners under like conditions in the vicinity having the identical zoning classification.
3. The granting of a variance will not be materially detrimental to the public welfare or injurious to property and improvement in the vicinity in which the property is located.
4. The granting of such variance will not be contrary to the objectives of the General Plan.

**REQUIRED FINDINGS NECESSARY FOR THE GRANTING
OF A DIRECTOR REVIEW AND APPROVAL APPLICATION
AS SPECIFIED IN ZONING ORDINANCE SECTION 872**

1. That the site of the proposed use is adequate in size and shape to accommodate said use and all yards, spaces, walls and fences, parking, loading, landscaping and other features required by this Division, to adjust said use with land and uses in the neighborhood.
2. That the site for the proposed use relates to streets and highways adequate in width and pavement type to carry the quantity and kind of traffic generated by the proposed use.
3. That the proposed use will not be detrimental to the character of the development in the immediate neighborhood or the public health, safety, and general welfare.
4. That the proposed development be consistent with the General Plan.

**REQUIREMENTS FOR SUBMITTING SITE PLANS TO THE
FRESNO COUNTY PUBLIC WORKS AND PLANNING
DEPARTMENT**

The purpose of the site (or plot) plan is to enable the Development Services Division to determine whether or not a proposed development conforms to Zoning Ordinance regulations. The requirements below are necessary to ensure proper and timely review based on complete information, and to prevent unnecessary delays in the processing of applications. Improper or incomplete site plans will not be accepted.

General Requirements

1. The plan must be drawn on a sheet having the following minimum dimensions:
 - 18" x 24" for CUPs and SPRs
 - 8.5" x 11" for Variances and DRAs
2. The plan must show the entire parcel of property described in the application. If only a portion of an existing parcel is to be developed, a key map shall be included showing the entire parcel.
3. The plan must be drawn to scale, and the scale must be clearly shown. (Scale should also be large enough to adequately show required information). Parking and circulation plans must be drawn to a scale of 1"= 30', 1/32= 1', or larger.
4. The plan shall be drawn so that north is at the top of the page and shall include a north arrow.
5. Each plan shall be folded individually, with the bottom right- hand corner facing up. Maximum acceptable folded size shall be 8.5" x 11"

Specific Information to be Shown

1. All existing and proposed building and structures, including buildings to be removed. Buildings should be labeled as either existing (E) or proposed (P).
2. The proposed use of all buildings and structures.
3. All adjacent streets and roads and their names
4. Access to the property: pedestrian, vehicular, and service.
5. Proposed street improvements and dedications.

6. Existing and proposed off-street parking and loading areas: location and type of paving, number of spaces (including detailed layout) and internal circulation pattern.
7. Existing and proposed signs: location, type of lighting, face area (text) and height.
8. Existing and proposed on-site lighting: location, type of fixtures, height and method of controlling glare and illumination.
9. The following measurements:
 - All dimensions of the site (or sites)
 - All dimensions of buildings and structures (including height).
 - All dimensions of off-street parking and loading areas.
 - The distance of all buildings and structures from property lines.
 - The distance between all buildings and structures.
10. Walls and fences: location, height and type of material.
11. Landscaping: location and type of plant material.
12. Pedestrian walkways: location, width and type of paving.
13. Existing wells and private sewage disposal systems.
14. Such other information as may be pertinent to the application.

SITE PLAN REVIEW SUBMITTAL REQUIREMENTS

A. GENERAL REQUIREMENTS

Four (4)

1. ~~Five (5)~~ copies of site plan & PDF files of all plans submitted.
2. Four copies of building elevations and 4 copies of building floor plans.
3. Sheet minimum dimension is 18" x 24" – Folded to 8-1/2" x 11", bottom right corner facing up.
4. Site plan content requirements (show all existing and proposed improvements):
 - a. Location map.
 - b. Name and phone number of building owner and/or designer.
 - c. Draw to scale, and show scale.
 - d. North arrow.
 - e. Street address and Assessors Parcel Number.
 - f. Names and widths of abutting streets and alleys.
 - g. Street improvements adjacent to the property: location and type of curbs (i.e., asphalt, concrete, roll, vertical) sidewalks, street lights, street trees, utilities, and other improvements.
 - h. Proposed street improvements and dedications.
 - i. Dimensions of property lines.
 - j. Buildings, structures and other improvements, including those to be removed: location, dimensions, floor area, use, and distance to property lines.
 - k. Parking: type of paving and dimensioned layout of spaces and internal circulation pattern.
 - l. Access to property, buildings and structures: location, dimensions, and material of pedestrian, vehicular, and service access.
 - m. Walls, retaining walls, and fences: location, height, and material.
 - n. Signs: location, type of lighting, face area, and height.
 - o. On-site lighting: location, type of lighting, height, method of controlling glare and illumination.
 - p. Landscaping: location and type of plant material.
 - q. Easements: location and nature.
 - r. Wells and private sewage disposal systems, including those on neighboring properties: location and distance between them.
 - s. Fuel and storage tanks: location, size, distance to buildings, structures, and property lines.
 - t. Irrigation canals and easements.
 - u. Solid waste storage and pick-up. Garbage trucks require a minimum turn around radius of 37 feet.
 - v. Contours of land, if natural slope is greater than 10 percent.
 - w. All natural drainage channels.
5. Operational Statement (See Operational Statement Checklist)
6. Employee and Vehicle Statement
7. Deed showing ownership of subject property

Note: A grading and drainage plan may be required, showing how the storm water runoff from the property will be retained onsite or how it will be conveyed to storm drain facilities. The plan must be prepared by a Registered Civil Engineer. Development within the Fresno Metropolitan Flood Control District may require a fee to be paid prior to issuance of building permits.

Operational Statement Checklist

Department of Public Works and Planning

It is important that the operational statement provides for a complete understanding of your proposal. The operational statement that you submit **must** address all of the following that apply to your proposal. **Your operational statement must be typed or written in a legible manner on a separate sheet(s) of paper. Do not submit this checklist as your operational statement.** It should serve only as a guide for preparing a complete statement.

- ___ 1. **Nature of the operation--what do you propose to do? Describe in detail.**
- ___ 2. **Operational time limits:**
Months (if seasonal): _____ Days per week: _____
Hours (from _____ to _____) Total hours per day: _____
Special activities: _____ Frequency: _____ Hours: _____ Are these indoors or outdoors?
- ___ 3. **Number of customers or visitors:**
Average no. per day: _____ Maximum no. per day: _____ Hours (when they will be there): _____
- ___ 4. **Number of employees:**
Current: _____ Future: _____ Hours they work: _____ Do any live on-site as a caretaker?
- ___ 5. **Service and delivery vehicles:**
Number: _____ Type: _____ Frequency: _____
- ___ 6. **Access to the site:**
Public Road: _____ Private Road: _____ Surface: _____ Unpaved (dirt / gravel) / Paved: _____
- ___ 7. **Number of parking spaces for employees, customers, and service/delivery vehicles.**
Type of surfacing on parking area. _____
- ___ 8. **Are any goods to be sold on-site? If so, are these goods grown or produced on-site or at some other location? Explain.**
- ___ 9. **What equipment is used? If appropriate, provide pictures or brochure.**
- ___ 10. **What supplies or materials are used and how are they stored?**
- ___ 11. **Does the use cause an unsightly appearance?**
Noise? _____ Glare? _____ Dust? _____ Odor? _____
If so, explain how this will be reduced or eliminated?
- ___ 12. **List any solid or liquid wastes to be produced.**
Estimated volume of wastes: _____ How and where is it stored?
How is it hauled, and where is it disposed? _____ How often?
- ___ 13. **Estimated volume of water to be used (gallons per day). Source of water?**
- ___ 14. **Describe any proposed advertising including size, appearance, and placement.**
- ___ 15. **Will existing buildings be used or will new buildings be constructed?**
Describe type of construction materials, height, color, etc. Provide floor plan & elevations, if appropriate.
- ___ 16. **Explain which buildings or what portion of buildings will be used in the operation.**
- ___ 17. **Will any outdoor lighting or an outdoor sound amplification system be used?**
Describe and indicate when used.
- ___ 18. **Landscaping or fencing proposed? Describe type and location.**
- ___ 19. **Any other information that will provide a clear understanding of the project or operation.**

OFF STREET PARKING AND DESIGN STANDARDS

FRESNO COUNTY
DEPARTMENT OF PUBLIC WORKS AND PLANNING
DEVELOPMENT SERVICES DIVISION
2220 TULARE STREET – STREET LEVEL
FRESNO, CA 93721

PARKING LOT DESIGN

Lot design must meet the minimum dimensions as noted on the enclosed drawings. In addition, the following requirements apply:

1. One-way traffic circulation aisles adjoining parking stalls must be at least 15-feet wide.
2. Two-way traffic circulation aisles adjoining parking stalls must be at least 20 feet wide.
3. Some form of permanent physical barrier, a minimum of 6" in height, must be installed along the street side of the property except at driveways to separate the parking area from the public right-of-way. Occasionally, barriers may be required on the property line of the adjacent property.
4. Backing maneuvers shall be confined to a distance no greater than necessary to emerge from a parking stall and in no instance shall backing onto a street be permitted.
5. A maximum of two feet of vehicle overhang on interior sidewalks may be allowed only when it does not interfere with required pedestrian circulation. **OVERHANG ONTO ADJOINING PROPERTY IS PROHIBITED, REGARDLESS OF THE OWNERSHIP.**
6. A 30-foot radius turnaround, which may be offset, shall be provided for all dead-end parking lots other than for 90° parking. Truck lots shall have a 60-foot radius turnaround.
7. Minimum truck drive width in front of parking spaces for back-in loading docks shall be 15 feet plus the length of the largest truck to be docked. Loading dock parking spaces shall be equal to the length of the largest truck to be docked.
8. Parking at angles other than those shown may be permitted, provided adequate proof of feasibility is submitted, including field demonstration if required by this Department.
9. Carports may be 20' x 8.5' but will require the same aisle space as regular stalls.

HANDICAPPED PARKING STALLS

SINGLE STALL

DOUBLE STALLS

NOTES:

van accessible

1. Dimensions shown are the allowed minimums.
2. Angle α is a variable, allowed angles are: 30°, 40°, 45°, 50°, 60°, & 75°.
3. 2 1/2" wide stripes in the loading zone shall be 3' on center.
4. The location of the ramp may vary and must comply with Fresno County Standards.
5. Sidewalks and ramp shall have a minimum width of 48".
6. The handicapped logo shall consist of the international symbol of accessibility (wheelchair with occupant) in white on a blue background.
7. Pavement marking shall be 36 inches square.
8. A sign of not less than 70 square inches in area shall be placed on center of the interior end of the parking space at a minimum height of 80 inches from the bottom of the sign to the surface of the parking space.
9. Where applicable, the curb or the bumper stop shall be painted the same color blue as the handicapped logo.

4. SINGLE PARKING SPACE DESIGN

- _____ A. 18' minimum length of each parking space. 1129B.4.1 4.6.3 Fig. 23
- _____ B. 9' minimum width of each parking space. 1129B.4.1 4.6.3 Fig. 23
- _____ C. Minimum 18' x 5' access aisle (passenger side). 1129B.4.1 4.6.3 Fig. 23
- _____ D. Surface of the parking space(s) and access aisle(s) does not exceed 1:50 gradient (2.0%) in any direction. 1129B.4.4 4.6.3 Fig. 23

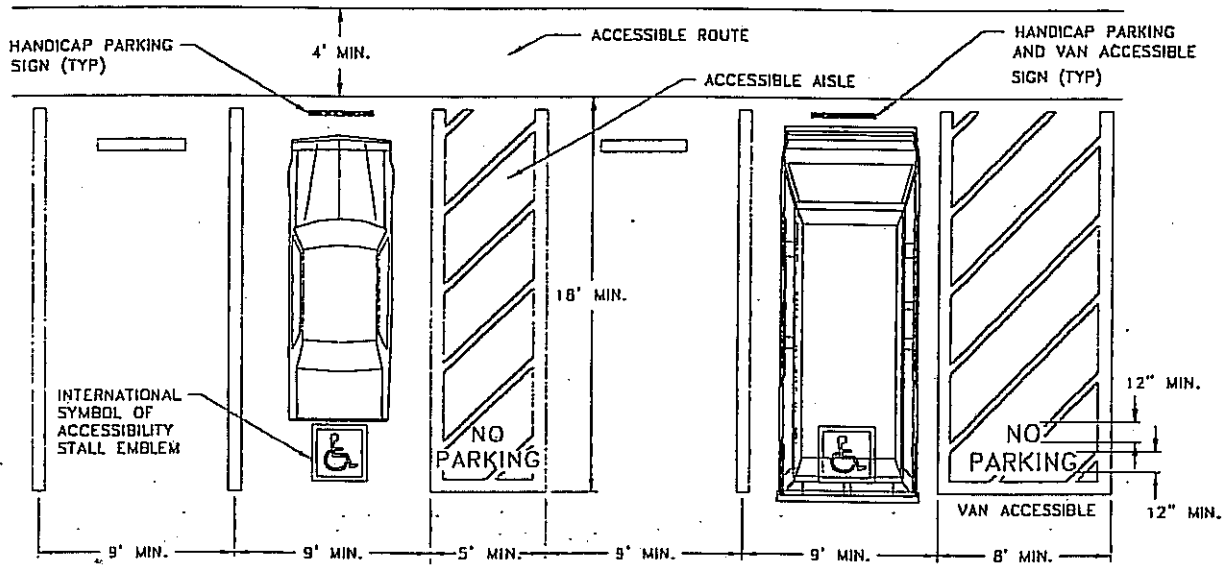

Fig.23

GENERAL DISABLED PARKING SPACE NOTES:

- 1) Disabled parking space must permit use of either car doors.
- 2) A parking bumper is required when no curb or barrier is provided which will prevent encroachment of cars over the adjoining accessible route.
- 3) Wheelchair users must not to be forced to go behind parked cars other than their own to access an adjoining accessible route.
- 4) The maximum surface slope within the disabled parking space and adjacent access aisle may not exceed 2% in any direction.
- 5) Curb ramps may not encroach into the required dimensions of disabled parking spaces or adjacent access aisles.
- 6) Access aisle (loading/unloading area) must connect to an accessible path of travel to the facility.
- 7) The words "NO PARKING" must be painted on the ground within each access aisle.

5. DOUBLE PARKING SPACE DESIGN

- _____ A. 18' minimum length of the parking spaces. 1129B.4.1 4.6.3 Figs. 24-A,B
- _____ B. 9' minimum width of each parking space. 1129B.4.1 4.6.3 Figs. 24-A,B
- _____ C. 23' minimum total width of both spaces & access aisle. 1129B.4.1 4.6.3 Figs. 24-A,B
- _____ D. Minimum 18' x 5' access aisle (between spaces). 1129B.4.1 4.6.3 Figs. 24-A,B
- _____ E. Surface of the parking space(s) and access aisle(s) does not exceed 1:50 gradient (2.0%) in any direction. 1129B.4.4 4.6.3 Figs. 24-A,B

Fig.24-A
PARKING SPACE - DOUBLE

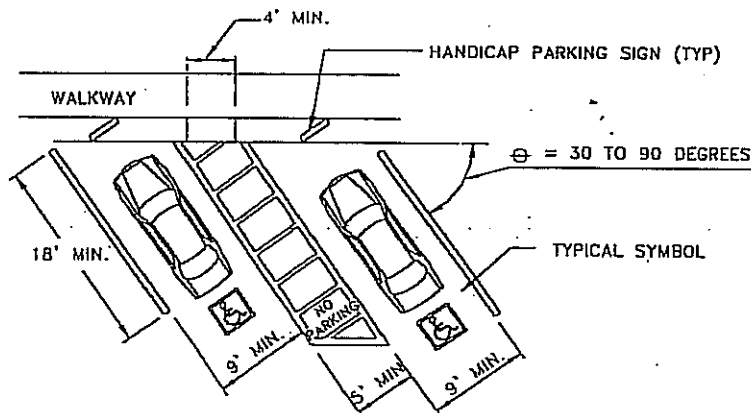

Fig.24-B
PARKING SPACE - DOUBLE DIAGONAL

_____ F. In dwelling units, an accessible route connects at least one accessible entrance of each accessible dwelling unit with those exterior and interior spaces and facilities that serve the accessible dwelling unit. 1114B.1.2 4.3.2(4)

_____ G. Where more than one route is provided, all routes are accessible. 1114B.1.2

EXCEPTION: Where an elevator is provided for vertical access, only one elevator is required. Where more than one elevator is provided, all elevators shall be accessible. 1114B.1.2 4.1.3(5)

_____ H. Signage containing the International Symbol of Accessibility is located at every primary public entrance and at every major exterior junction along or leading to an accessible route of travel. 1127B.1

_____ I. Signage indicates the direction to accessible building entrances and facilities and complies with Checklist Section #58, "SIGNS AND IDENTIFICATION".

- _____ A. Surface identification of accessible parking stalls complies with one of the above noted striping configurations. 1129B.5.1&2 4.6.4 Figs. 23-25
- _____ B. The words "NO PARKING" are painted in white on the ground within each access aisle. 1129B.1 & .2
- _____ C. "NO PARKING" letters are a minimum of 12" high and visible to traffic enforcement officials. 1129B.1 & .2

Fig.25

COMPLIANCE ASSISTANCE BULLETIN
March 2018

RULE 9510 INDIRECT SOURCE REVIEW (ISR)
Large Development Project Applicability

Rule 9510 seeks to reduce the amount of NOx and PM10 emissions associated with construction and operation of new development, transportation and transit projects in the San Joaquin Valley. On December 21, 2017, the rule was amended to ensure that all Large Development Projects are subject to the rule. The rule amendment becomes effective on March 21, 2018.

- **Large Development Project subject to the rule:** Any applicant that seeks to gain any project-level approval from a public agency for a Large Development Project is subject to the rule. For rule applicability purposes, project-level approval means project-level building permits, a conditional use permit, or other similar approvals for the particular large development project.
- **Large Development Project:** Development Project that consists of or exceed the following applicability thresholds:
 - 250 residential units;
 - 10,000 square feet of commercial space;
 - 125,000 square feet of light industrial space;
 - 500,000 square feet of heavy industrial space;
 - 100,000 square feet of medical office space;
 - 195,000 square feet of general office space;
 - 45,000 square feet of educational space;
 - 50,000 square feet of government space;
 - 100,000 square feet of recreational space; or
 - 45,000 square feet of space not identified.
- **Large Development Project not subject to the rule**, if any of the following apply:
 - A final discretionary approval for the Large Development Project has been received prior to March 1, 2006; or
 - The Large Development Project requires or required a discretionary approval and is subject to the rule under Section 2.1; or
 - Prior to March 21, 2018 the applicant received project-level building permits, a conditional use permit, or similar approvals for the particular Large Development Project; or
 - The Large Development Project qualifies as a Grandfathered Large Development Project (as defined in the rule).
- Large Development Project applicants who have already applied for a project approval with a public agency prior to March 21, 2018, and do not qualify for any of the applicability exceptions listed above, are required to submit an Air Impact Assessment (AIA) application to the District on or before April 20, 2018. Otherwise, Large Development Project applicants are required to submit an AIA application no later than seeking an approval from a public agency.

For more information, the rule is available at: <http://www.valleyair.org/rules/currnrules/r9510-a.pdf>. You can also contact the District by calling the District Technical Services at 559-230-6000.

FIRE PROTECTION

If you are located within the jurisdiction of the Fresno County Fire Protection District:

Fresno County Fire Protection District conducts plan reviews on all projects to confirm that certain fire and life safety issues are addressed. Some examples of fire and life safety issues are fire apparatus access, fire lanes, gates, water supply systems, fire suppression systems, fire alarm systems, high piled storage, evacuation plans, exiting systems, and hazardous materials storage.

It is suggested that you contact Fresno County Fire Protection District at (559) 493-4359 to schedule a meeting to discuss the specific fire protection requirements for the project during the design stage of the project.

You can contact Hector Luna at (559) 600-4216 to determine which fire protection district is responsible for a particular project.

12. Will the project utilize Federal funds or require other Federal authorization subject to the provisions of the National Environmental Policy Act (NEPA) of 1969? Yes No

If so, please provide a copy of all related grant and/or funding documents, related information and environmental review requirements.

13. Existing Zone District¹: AL-20

14. Existing General Plan Land Use Designation¹: General Industrial in Roosevelt community plan

ENVIRONMENTAL INFORMATION

15. Present land use: AL-20
Describe existing physical improvements including buildings, water (wells) and sewage facilities, roads, and lighting. Include a site plan or map showing these improvements:

Not Known at this time

Describe the major vegetative cover: No

Any perennial or intermittent water courses? If so, show on the map: No

Is the property in a flood-prone area? Describe:
N/A

16. Describe surrounding land uses (e.g., commercial, agricultural, residential, school, etc.):

North: Heavy Industrial

South: Light Manufacturing

East: Light Manufacturing

West: Light Manufacturing

17. What land use(s) in the area may be impacted by your Project? N/A

18. What land use(s) in the area may impact your project: N/A

19. **Transportation:**

NOTE: The information below will be used in determining traffic impacts from this project. The data may also show the need for a Traffic Impact Study (TIS) for the project.

A. Will additional driveways from the proposed project site be necessary to access public roads?
 Yes No

B. **Daily traffic generation:**

I. Residential - Number of Units N/A
Lot Size _____
Single-Family _____
Apartments _____

II. Commercial - Number of Employees N/A
Number of Salesmen _____
Number of Delivery Trucks _____
Total Square Footage of Building _____

III. Describe and quantify other traffic generation activities: N/A

20. Describe any source(s) of noise from your project that may affect the surrounding area: N/A

21. Describe any source(s) of noise in the area that may affect your project: N/A

22. Describe the probable source(s) of air pollution from your project: Not known at this time

23. Proposed source of water:
() private well
() community system³--name: Malaga Water District OVER.....

24. *Anticipated volume of water to be used (gallons per day)²:* Not known
25. *Proposed method of liquid waste disposal:*
 septic system/individual
 community system³-name Not known
26. *Estimated volume of liquid waste (gallons per day)²:* N/A
27. *Anticipated type(s) of liquid waste:* _____
28. *Anticipated type(s) of hazardous wastes²:* N/A
29. *Anticipated volume of hazardous wastes²:* N/A

NOTICE AND ACKNOWLEDGMENT

INDEMNIFICATION AND DEFENSE

The Board of Supervisors has adopted a policy that applicants should be made aware that they may be responsible for participating in the defense of the County in the event a lawsuit is filed resulting from the County's action on your project. You may be required to enter into an agreement to indemnify and defend the County if it appears likely that litigation could result from the County's action. The agreement would require that you deposit an appropriate security upon notice that a lawsuit has been filed. In the event that you fail to comply with the provisions of the agreement, the County may rescind its approval of the project.

STATE FISH AND WILDLIFE FEE

State law requires that specified fees (effective January 1, 2023: \$3,839.25 for an EIR; \$2,764.00 for a Mitigated/Negative Declaration) be paid to the California Department of Fish and Wildlife (CDFW) for projects which must be reviewed for potential adverse effect on wildlife resources. The County is required to collect the fees on behalf of CDFW. A \$50.00 handling fee will also be charged, as provided for in the legislation, to defray a portion of the County's costs for collecting the fees.

The following projects are exempt from the fees:

- 1. All projects statutorily exempt from the provisions of CEQA (California Environmental Quality Act).*
- 2. All projects categorically exempt by regulations of the Secretary of Resources (State of California) from the requirement to prepare environmental documents.*

A fee exemption may be issued by CDFW for eligible projects determined by that agency to have "no effect on wildlife." That determination must be provided in advance from CDFW to the County at the request of the applicant. You may wish to call the local office of CDFW at (559) 222-3761 if you need more information.

Upon completion of the Initial Study you will be notified of the applicable fee. Payment of the fee will be required before your project will be forwarded to the project analyst for scheduling of any required hearings and final processing. The fee will be refunded if the project should be denied by the County.

Pre-app invoice #
3102 S Peach Avenue,
Fresno Ca. 93725
APN # 331-080-42S
Current Zoning: AL20
Request Rezone: M1

Project description:

The project property is located at 3102 S Peach Ave, Fresno Ca 93725, APN: 331-080-42S, and pertains area of 1.69 acres. The Pre-application was submitted requesting a rezone of this property from the current zoning of AL20 Limited Agricultural to MI Light Manufacturing.

Business Name:	TBD
Product / Services:	A transportation dispatch office, freight yard, and trucking yard terminal
Anticipated Traffic:	Traffic will increase during construction activities for a few months to deliver supplies and materials during the ongoing construction period. There will be no traffic congestion caused by site improvement activities as construction work will start early and finish later during the day hours. The traffic may increase once the operational use of the building commences.
Number of Employees:	3-5 office employees
On-site storage/Equipment:	N/A
Security Measures:	Security cameras may be mounted interior, at entry, and at exit points.
Operation Time:	Proposed operational use will be operated Monday thru Friday from 8 am to 5 pm.
Access to Site:	Two new 45' wide on-site access driveway approach on access roads or as per Code of Ordinance
Parking:	Parking spaces will be provided as per the Code of Ordinance.
Supplies or Material:	N/A.
Unightly Appearance:	N/A

Solid or Liquid Waste: Solid waste and liquid waste will be generated from restrooms and trash/bin receptors.

Estimated Water Usage: Water needs will be fulfilled by the existing on-site water well or as per County of Fresno requirements.

Advertising Sign Buildings: No advertising sign is proposed or existing.

Outdoor Lighting: Exterior wall lighting will be added as per the requirements of site plan conditions.

Landscape: New landscape areas will be provided as per requirements of site plan conditions.

Noise/Hazardous Materials: Noise level may increase with proposed building operations added to the property. There will be no hazardous waste materials from this residential site.
