TARGET POPULATION INFORMATION:

Target Population: [This program is for parents, and for children of an age that they can engage in a classroom setting.](#)

CORE CONCEPTS:

- [Community collaboration:](#) individuals, families, agencies, and businesses work together to accomplish a shared vision.

FRESNOCOUNTY MENTAL HEALTHPLAN OUTCOMES REPORT- Attachment A

- **Cultural competence:** adopting behaviors, attitudes and policies that enable providers to work effectively in cross-cultural situations.
- **Individual/Family-Driven, Wellness/Recovery/Resiliency-Focused Services:** adult clients and families of children and youth identify needs and preferences that result in the most effective services and supports.
- **Access to underserved communities:** Historically unserved and underserved communities are those groups that either have documented low levels of access and/or use of mental health services, face barriers to participation in the policy making process in public mental health, have low rates of insurance coverage for mental health care, and/or have been identified as priorities for mental health services.
- **Integrated service experiences:** services for clients and families are seamless. Clients and families do not have to negotiate with multiple agencies and funding sources to meet their needs.

Please select core concept embedded in services/ program:

(May select more than one)

Individual/Family-Driven, Wellness/Recovery/Resiliency-Focused Services

Please describe how the selected concept (s) embedded :

The *Celebrating Families!*TM curriculum is an evidence based cognitive behavioural, support group model written for families in which one or both parents have a serious problem with alcohol or other drugs and in which there is a high risk for domestic violence, child abuse, or neglect. *Celebrating Families!*TM works with every member of the family, from ages 3 through adult, to strengthen recovery from alcohol and/or other drugs, break the cycle of addiction and increase successful family reunification. *Celebrating Families!*TM fosters the development of safe, healthy, fulfilled, and addiction-free individuals and families by increasing resiliency factors and decreasing risk factors while incorporating addiction recovery concepts with healthy family living skills.

PROGRAM OUTCOME & GOALS

- **Must include each of these areas/domains:** (1) Effectiveness, (2) Efficiency, (3) Access, (4) Satisfaction & Feedback Of Persons Served & Stakeholder
- **Include the following components for documenting each goal:** (1) Indicator, (2) Who Applied, (3) Time of Measure, (4) Data Source, (5) Target Goal Expectancy

*Celebrating Families!*TM was created at the request of Judge P. Leonard Edwards II, Supervising Judge of the Santa Clara County, California, juvenile dependency court; Past President of the National Council of Juvenile and Family Court Judges, and recipient of the 2004 William H. Rehnquist Award for Judicial Excellence by the National Center for State Courts. The model was piloted in Santa Clara County as part of a series of services funded by a SAMHSA (Substance Abuse & Mental Health Services Administration) grant.

FRESNOCOUNTY MENTAL HEALTHPLAN OUTCOMES REPORT- Attachment A

In 2007, *Celebrating Families!*TM was acquired by NACoA to promote and disseminate this evidence-based program across the country. As of Fall 2008, *Celebrating Families!*TM has been successfully replicated in six California counties, 16 states and two sites in Canada.

In August 2008, *Celebrating Families!*TM was listed on the federal Substance Abuse and Mental Health Services Administration (SAMHSA) National Registry of Effective Programs and Practices (NREPP).
