Rebuttal to the Argument Against Measure _

By

FRESNO COUNTY CLERK

DEPUTY

Don't let the opponent mislead you. He doesn't have the facts, doesn't even live in our district and has submitted identical arguments against multiple school districts throughout the county. Conspiracy theories from someone outside our district do not address our local issues nor solve local problems.

Measure _ funds will go right where they're needed—to improve Kingsburg High School and support local students. Quality schools are key to providing an excellent education, preserving property values, and maintaining our great community.

- The last bond measure passed by Kingsburg JUHSD voters was in 2014. Funds from this measure went towards modernizing and renovating school facilities, as well as making health, safety, and accessibility improvements across the District. If successful, Measure _ will continue to help bring all Kingsburg JUHSD schools up to 21st century standards.
- Funds from Measure K were managed lawfully and properly through a Bond Oversight Committee which is audited annually.
- The State provides funding for teachers, administration and books, not for maintenance and renovation projects. Don't punish students for how the State chooses to provide funding. Measure _ is the only solution to improve Kingsburg High School.

The District has been a responsible steward, routinely maintaining and fully utilizing classrooms and facilities. The time has come to reinvest in our community's greatest assets – local children and the schools they attend. Measure _ is a carefully considered program that will improve Kingsburg High School.

Our students deserve a quality education. Join us—vote YES on _.
